Dear Sir/Madam

Rights of Way Enquiry: Land to West of Oxpens Road, Oxford

Thank you for your letter of 8 April which has been forwarded to this office. You may inspect the legal record of public rights of way (called the Definitive Map & Statement) and information about it at our website: www.oxfordshire.gov.uk/definitivemap. Places where you can see paper copies of the documents are also listed on our website.

The Definitive Map & Statement of Public Rights of Way is conclusive evidence in law of the particulars contained in it as of the relevant date (21 February 2006). This does NOT mean that it is a full list of all public footpaths, bridleways, restricted byways and byways open to all traffic.

If, after looking at the Definitive Map & Statement, you need more information from us, we charge £60.00 for a written reply. If you wish us to do this, we must receive payment in advance. Please send a cheque payable to "Oxfordshire County Council" with your request to the above address.

Please note that the Definitive Map & Statement is distinct from the List of Public Streets which is a record of highways maintainable at public expense. For this information please contact Land and Highway Records, Oxfordshire County Council, Speedwell House, Speedwell Street, Oxford OX1 1NE, tel: 01865 815667. Separate charges may apply.

If you have any queries, please contact me.

Yours faithfully

Alison Gledhill
Rights of Way Assistant
